« Hello, my name's Chaïma, and I'm the founder of *Tell Me Your Story*. I founded this association 7 years ago, in 2006 after a problem in my life. When I was young I needed help and I found an association named *Tell My Your Story*. We are here to help people, not to judge them.

There are psychologists, lawyers, doctors, etc... We welcome everybody at anytime. They can tell us about their difficulties in the *Anonymous Circle*. Lots of people come here to talk about them, or help other people like them. It's free and open to everybody because we think that everybody can be

helped. We help more and more young people who usually have the same problems: love, family, school, health. We can help everybody. *Tell me Your story is here for you, for her, for him, for us, for them.*
